It takes five of the ordinary "quarts" to make a gallon, but a HAYNER QUART is a full quart, an honest quart of \$2 ounces, four to the gallon. Now, you pay your dealer at least \$1.25 a bottle for whiskey that cannot possibly be any better than HAYNER, if as good, or \$6.25 a gallon. If you buy HAYNER WHISKEY you save at least \$3.65 on every gallon. We sell two gallons for about the same as you pay for one gallon of probably poorer whiskey. Just think that over and remember that HAYNER WHISKEY goes direct from our distillery to you, carries a UNITED STATES REGISTERE'D DISTILLER'S GUARANTEE of PURITY and AGE and saves you the dealers' enormous profits. That's why it's so good and so cheap. That's why we have over a quarter of a million satisfied customers. That's why YOU should try it. Your money back if you're not satisfied.

No pains have been spared to find out precisely what Poe wrote and to present it in a very convenient form, Professor Harrison, of the University of Virginia, accompanies the edition with a biography which is a model of frankness and sympathetic interpretation. The story of the poet's confused career is told without evasion or concealment, and yet with a true insight into the causes of the tragedy which shortened his life and obscured his reputation. These facts having been stated with thoroughs going candor, there ought ncw to be an end of the long controversy and a new appreciation of a genius for literature and of permanent achievement of a unique kind. For Poe was a poet of magical gifts, who has left a small group of poems which have won for him a place beside Hawthorne and Emerson as American writers of the first rank. He wrote a large group of short stories which belong in the first rank of fiction writing. And he

POSTMASTER FOR FARMVILLE NAMED

(Special Dispatcl to The Times.) FARMVILLE, VA., December 5.—Mr. George H. Richardson has been ap-pointed postmaster for Farmville by the President to succeed Mr. S. H. Bliss. The appointment came as a surprise to many of the people of the town, w while knowing Mr. Bliss would be moved, did not look for immedia

change. The applicants for the position were The applicants for the position were Mr. J. E. Harris, Jr., now assistant postmaster, and Mr. C. H Bliss. Both of these gentlemen were highly recommended by the patrons of the office, but it turned out that something more than local assistnat was required to lift one into the easy chair of postmaster of Formville.

Mr. Richardson had not only many

Farmville.

Mr. Richardson had not only many endorsations from the people of the town, but was backed by some of the most prominent and leading Republicans of the State, hence his speedy appointment. Mr. Sam Bliss, the outgoing postmaster, held the office over one half the customary term.

Mr. Richardson was formerly postmaster of the town, during which time the patrons were faithfuly and efficiently served. He promises equally as good, if not better, service than was ever before given the public here and will, if necessary, devote his entire time to the duties of the office. He does not expect to take charge of the office before the first of the year.

A report comes from the lower end of Prince Edward county that the negroes in that section are doing all in their power to raise money to fight the Virginia Constitution in the United States Court. The shed, which will only be thre hundred feet instead of four hundred feet, as reported, is rapidly assuming shape. The platform will be of select brick and work has commenced on laying them.

Difference of Opinion Between Heads of City Departments.

MRS. GAY IS IMPROVED

Plumbing Inspector and Light Superintendent Say Fhat the Gas Comes from Sewer-City E. gineer Claims That it Does Not.

Mrs. F. D. Gay still lies at the point of death in the Franklin Hotel as a result of partial asphyxiation by gas-illuminating or sewer. The heads of two city departments are making every effort to establish just which kind of gas it is. Large forces of hands have been put to work in the vicinity of the place in the hope of discovering a leak in the mains of the light department or ascertaining from what sewer the gas may be escaping into the large hotel.

Superintendent Knowies, of the light department, maintains most strenuously that the gas which is so noticeable in the that the gas which is so noticeable in the vicinity of Frankin and Governor Streets and to which the probable fatal illness of Mrs. Gay is due, is not coming from the mains of the department over which he has charge. He states positively that the roll is not illuminating gas, and says that it is coming from a sewer in the neighborhood. He is of the opinion that the gas which is so prevalent in the the gas which is so prevalent in the hotel is being conveyed into the place by means of plumbing connections. THINKS IT SEWER GAS.

Flumbing Inspector Landers is equally as positive as is Mr. Knowles that the fluid is sewer and not illuminating gas. He is unable to understand how, even if it were from the mains of the lighting department, it could possibly get into the hotel, as the place has not used gas for illuminating or cooking purposes for over a year. He thinks, like Mr. Knowles, a year. He thinks, like Mr. Knowles, that the gas is being conveyed into the house from a dead sewer in the vicinity by means of the plumbing connections.

But in the face of the opinion of both the officials, Acting City Engineer Jackson Bolton says that the gas is not comson Botton says that the gas is not coming from a sewer, but will eventually be traced to a leak in one of the mains of the lighting department. TRAGIC DEATH

Minister Buck Fell Sudde ly and Expired Without a Groan. (By Associated Press.)

YOKOHAMA, Dec. 5-Paralysis of the heart caused the death of United States Minister Aifred E. Buck, which occurred yesterday. The end was tragically sudden. Mr. Buck was the guest of the Emperor in a duck hunt on the Shinhama preserves. A bird had been netted and the minister, with a jocular remark, started to reset the net. Suddealy he fell and without a word or

groan, expired instantly. He had sufacid from a weak heart for some time.

Mrs. Buck was not with the party.

Mr. Buck was held in high esteem in
Japan and the flags on government
buildings have been placed at half-mast. The funeral has been set for Monday next. Secretary J. M. Ferguson is in charge of the legation.

CHARACTERISTIC OF THE SOUTH.

It is a well established fact that Southern smokers are particularly careful in their choice of tobacco. They know the quality of the tobacco that grows from the soil where they were raised, and they know that that tobacco is good tobacco. That is w'y Piedmont Cigaretres have gained such a stronghold in the hearts of Southern smokers. They know the tobacco in Piedmonts comes from the famous Piedmont section of the South, and that it makes good cigarettes.
